

DECISION OF THE CITY OF REVERE BOARD OF APPEALS

May 26, 2021

Decision of the City of Revere Zoning Board of Appeals (ZBA) on the City of Revere, Massachusetts, 281 Broadway, Revere, MA 02151 requesting the following variances of the Revised Ordinances of the City of Revere to enable the appellant to raze the existing fire station and construct a new fire station at 140 Lynnway, Revere, MA 02151:

1. Section 17.24.010 with respect to minimum front yard setback requirement of 20 feet within the RA District;
2. Section 17.24.010 with respect to minimum rear yard setback requirement of 30 feet within the RA District;
3. Section 17.24.010 with respect to minimum side yard setback requirement of 10 feet within the RA District;
4. Section 17.24.010 with respect to minimum usable open space requirement of 35% within the RA District;
5. Section 17.28.220 with respect to minimum setback of 10 feet for dumpsters;
6. Section 17.28.020 with respect to minimum parking of 1 space/4 seats for meeting hall.

A copy of the appellant's plan and application (A-21-17) have been filed with the ZBA and the City Clerk of the City of Revere and are incorporated and made a part of this decision.

A public hearing was conducted by the ZBA on this application on May 26, 2021. A record of the proceedings of the public hearing has been filed with the City Clerk's Office of the City of Revere and are incorporated and made part of this decision.

Following the public hearing, a copy of which is attached and made a part of this decision, the ZBA made the following findings:

A hardship does exist with respect to the size and shape of the existing lot. The ZBA concludes that the appellant cannot reasonably make full use of the lot without a variance being granted.

A literal enforcement of the Zoning Ordinances of the City of Revere would prevent the appellant from constructing a new fire station at 140 Lynnway.

The ZBA finds that by granting the variance, the general character of this area will not be changed and the public good will be served.

This variance is granted subject to the following restrictions:

1. If the rights authorized by this variance are not exercised within one year of the date of the grant of this variance the rights shall lapse.
2. This variance shall not be valid until the appellant has recorded this variance in the Suffolk County Registry of Deeds and submits document recording numbers and dates to the City Clerk and Building Inspector of the City of Revere.
3. The appellant must receive Site Plan Review approval prior to applying for a building permit.

Based upon its findings and following discussion the ZBA took up the appellant's request for a variance of the Zoning Ordinances of the City of Revere (A-21-17) subject to the ZBA's findings and restrictions:

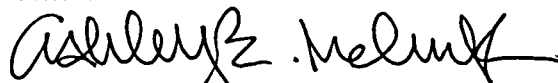

Roll Call: Voting to grant the variance requested: Mr. Buccilli, Mr. Limeneh, Mr. Lopes, Mr. Pelton, and Mr. Tucker.

11. What is the nature of the appeal or variance requested in this application?

The applicant is requesting a variance for the following zoning requirements:

17.28.020 - Total Number of Required Parking Spaces, Minimum Dumpster Setback

Enforcement of the Front Side and Rear Yard Setback, and Usable Open Space would greatly reduce the size of the proposed fire station, in turn reducing the necessary resources available to the staff which would negatively affect their ability to perform their duties to the best of their best abilities.

Enforcing the required number of parking spaces for the fire station use would also limit the size of the proposed fire station due to the size and shape of the lot.

Granting relief would be a benefit to the public good as it would allow the fire department to maximize their resources and service the community to the best of their abilities.
