As recommended by Ashley Melnik, the City Clerk of Revere, I am reaching out to DCR and MassDOT for any detailed maps they may control showing all city, state, and public/private utility lines around my home at 8 Alden Ave.

I am requesting this information as part of my investigation into the reason(s) why my home now shifts and moves when large vehicles pass by my home on the Lynnway outside the newly constructed Alden Mills Firehouse. As I requested from Ashley,

"I am looking to obtain detailed maps showing all city, state, public and private utility lines that run through the Point of Pines. Specifically I am looking for maps that include Delano Ave, Alden Ave, and Bickford Ave, along with a span of the Lynnway that abuts each of these 3 streets. You can monitor the progress of your request at the link below, and will receive an email when your request has been completed, or requires any clarification and/or modification.

Thank you for using the Massachusetts Department of Transportation's Public Records Request Center.
